1. About Dotsquares

Dotsquares is an international digital design and development company, founded in 2002. It provides end-to-end services spanning website publishing, software and mobile application development, IT support, hosting, quality assurance (QA), digital media, and e-marketing (SEO, PPC, e-communication strategy, and data analysis/reporting). The company serves clients ranging from startups to established enterprises across industries including Fintech, Healthcare, Retail, and Travel, using a blended onshore/offshore delivery model.

The Dotsquares Group includes affiliated brands TeaminIndia, 9perhour, Smartmobiapps, Appsquares, and Wetalkit.

Registered Office

Unit 2, Albourne Court, Henfield Road, Albourne, West Sussex, BN6 9FF, United Kingdom. These Terms & Conditions apply to work performed from any Dotsquares Limited office or from any company within the Dotsquares group of companies.

2. General Terms & Conditions of Business

2.1 Scope and Business Activities

Dotsquares' primary business (not exhaustive) covers design and development resourcing for website publishing, software and mobile application development, IT support, hosting, QA, and digital media, together with e-marketing services such as SEO, PPC, e-communication strategy, and data analysis/reporting.

2.2 Engagement and Fee Basis

Unless otherwise agreed, engagements operate as follows:

1. Projects are undertaken on a time-and-materials basis unless a fixed price is mutually agreed in writing.
2. All fees are estimates, exclusive of VAT or other applicable taxes.
3. Estimates are valid for 30 days from the date of issue.
4. Payment terms are based on prior weekly or monthly resource bookings, unless otherwise agreed in writing.
5. Clients are allocated dedicated resource(s), plus supporting staff such as a Team Leader or Project Manager where requested.
6. Resources typically operate from the Indian office (Monday–Friday, 10:00–19:00, GMT+5:30) unless working onsite or from the UK, US, or Australian offices. Public holidays are notified in advance and generally compensated by working extra hours on evenings or weekends, or per an agreed schedule.

2.3 Quality Commitment and Client Responsibilities

Dotsquares' commitments to clients:

- a. Act with integrity, professional dedication, and courtesy at all times.
- b. Handle all correspondence (email, phone) promptly.
- c. Provide an alternative contact if the primary contact is unavailable.
- d. Give clear, concise information about enquiries, estimates, and project status.
- e. Maintain long-standing membership of the International Association of Outsourcing Providers.
- f. Guarantee high-quality, cost-effective services.

How clients can help:

- a. Provide clear instructions to enable accurate estimates and effective delivery.
- b. Respond promptly to communications, since dedicated developers rely on a continuous task pipeline to avoid delays.
- c. Notify Dotsquares of any periods of unavailability.
- d. Raise dissatisfaction promptly — issues cannot be resolved if unreported.
- e. Check the Online Project Management Area and email regularly, as project communication is directed through both.

2.4 Service Exclusions

Dotsquares will not:

- a. Work on a live server unless specifically agreed (a sandbox is provided for development; SEO work is an exception and takes place live).
- b. Hold the only copy of client data — clients must supply test data or a copy of the live database.
- c. Fill a developer's day independently — clients must supply tasks continuously.
- d. Tolerate abuse of staff members.
- e. Contact end customers directly, as projects are handled in strict confidence.
- f. Outsource client work to a third party.

2.5 Fee Structure and Invoicing

Basis of charging:

- a. "Dedicated" service: time-and-materials, sold in daily, weekly, or monthly blocks (unless otherwise agreed).
- b. "Ad-hoc" / "Bucket" service: time-and-materials, sold in minimum blocks of 10, 20, or 40 hours, worked in 10-minute increments.

Invoicing terms:

- a. Payment of the first/advance invoice constitutes acceptance of these Terms & Conditions.
- b. Weekly rates assume an 8-hour day over a 5-day week; daily rates assume an 8-hour day; bucket-hour blocks (10/20/40 hrs) must be used within 6 months of booking.
- c. Invoices must be paid in the currency in which they are issued.
- d. Invoices are issued before work begins and must be reconciled before work commences.
- e. Projects may be placed on hold for outstanding payment, and Dotsquares may remove project files from its servers in that event.
- f. Standard rates may be amended on one month's written notice. All prices are exclusive of VAT/applicable taxes unless stated otherwise.

2.6 Acceptance of Services

- a. Clients are asked to view, test, and sign off project sections in a timely manner, as delays can affect the overall project timeframe.
- b. On completion of a booking period or project, the work is tested. If a test failure results from a client-side (or subcontractor/agent-side) defect, the project is deemed to have passed notwithstanding that defect. Dotsquares may offer additional paid assistance to remedy non-Dotsquares defects.
- c. Clients are responsible for maintaining their own backups (an automated scheduled backup is recommended). Development normally takes place on an off-site sandbox (SEO work excepted). Work on a live server is done at the client's own risk, and Dotsquares is not liable for any resulting impact.

2.7 Limitation of Liability

This clause sets out Dotsquares' entire financial liability (including for acts or omissions of its employees, agents, or consultants) for any breach of these Terms, or any contractual representation, statement, action, or omission (including negligence).

Nothing in these Terms limits or excludes liability for death or personal injury caused by negligence, or for fraud or fraudulent misrepresentation.

Subject to the above, Dotsquares is not liable for:

- Loss of profits
- Loss of business
- Depletion of goodwill or similar losses
- Loss of anticipated savings
- Loss or corruption of data or information
- Any special, indirect, consequential, or pure economic loss, costs, damages, charges, or expenses

Dotsquares' total liability (in contract, tort/negligence, breach of statutory duty, or otherwise) is capped at the total charges paid by the client in the 12 months immediately preceding the date the cause of action arose (or the shorter period since the first invoice, if under 12 months).

2.8 Termination

Dotsquares may terminate a project or services without liability if the client:

- a. Fails to pay any due amount and remains in default 7+ days after written notice.
- b. Commits a material, unremediable breach — or fails to remedy a remediable breach within 14 days of written notice.
- c. Breaches the Terms in a manner reasonably indicating an inability or unwillingness to perform the agreement.
- d. Becomes bankrupt, subject to a winding-up order, or enters an insolvency procedure under the Insolvency Act 1986 or equivalent legislation.
- e. Causes the project to become unworkable or undeliverable during development, other than through Dotsquares' fault.

On termination, for any reason:

- a. All outstanding invoices (and interest, if any) become immediately payable; unbilled services may be invoiced and are payable on receipt.
- b. Interest accrues at 8% above the Bank of England base rate per annum (daily basis) on invoices unpaid after 30 days, or Dotsquares may apply the Late Payment of Commercial Debts (Interest) Act 1998.
- c. All outstanding invoices become immediately due regardless of original invoice date; the client is liable for any recovery costs.
- d. All licences granted by Dotsquares under the project terminate.
- e. Accrued rights and liabilities as at termination are unaffected.
- f. Dotsquares-initiated termination is notified by email from admin@dotsquares.com to the account's primary email address.
- g. Client-initiated termination must be notified by email to admin@dotsquares.com, copying the Project Manager and Developer.

2.9 Warranty and Dispute Resolution

Clients must notify their Dotsquares Project Manager in writing of any code/system/program error within a 30-calendar-day Warranty Period. Once agreed, Dotsquares corrects errors of its own making at no cost. Dotsquares reserves the right to define what constitutes a bug/error/issue.

Escalation path for disputes:

1. Raised first with the Project Manager.
2. If unresolved within 30 calendar days, escalate in writing to legal@dotsquares.com, who will appoint senior account managers.
3. If still unresolved after a further 30 calendar days, the matter passes to the Dotsquares leadership team, who aim to resolve it within 15 calendar days.

No refund, credit, or claim relating to services rendered will be acknowledged if not raised within the 30-day Warranty Period.

Dotsquares is not liable for an error where:

- It was not notified in writing during the Warranty Period
- It cannot be verified or reproduced by Dotsquares
- It was caused by the customer or an unrelated third-party developer/freelancer/company
- The code was written by a developer/freelancer/company unrelated to Dotsquares, or is only partially finished
- It arises from a change in the customer's server/hosting configuration
- It concerns commercial success or profitability of the delivered product — no such warranty is given
- A third-party developer was involved without prior notice to Dotsquares before project commencement

Clients bear the cost of any time spent tracking bugs arising from data content they, or a third party, uploaded.

2.10 Online Project Management Area (DSP)

- a. Access to the Dotsquares Projects (DSP) area is granted temporarily to support project administration; it may be suspended, withdrawn, or changed without notice, and Dotsquares is not liable for any unavailability.
- b. Clients must ensure that everyone accessing DSP is aware of, and complies with, these Terms.
- c. Usernames and passwords are confidential and must not be disclosed to third parties.
- d. Dotsquares may disable credentials it reasonably believes have been used in breach of these Terms.
- e. Dotsquares owns or licenses all intellectual property in DSP and its published material.
- f. Dotsquares does not guarantee DSP is secure or free of bugs/viruses, and is not liable for loss or damage from viruses, DDoS attacks, or other harmful material affecting the client's systems through DSP use.
- g. Clients must not introduce malicious content or attempt unauthorised access to DSP or its hosting server.

2.11 Intellectual Property Rights

- a. Each party retains its proprietary rights in its own Confidential Information; no licence is implied beyond what is expressly stated.
- b. Each party may continue to develop and commercially exploit its own pre-existing IP during and after the engagement.
- c. IP owned by a party prior to the Effective Date ("Prior IP") remains that party's property.

- d. IP created by Dotsquares specifically within the scope of an agreed project becomes the exclusive property of the client once all dues are paid.
- e. Once final payment is received, Dotsquares retains no rights in IP created for the client, and will reasonably assist the client (at the client's expense) in securing patents, copyrights, trademarks, and similar protections.

2.12 Complaints Procedure

Concerns about service quality or invoices should be raised, per the dispute process above, with:

- a. The assigned Developer (Design & Development Models A or D)
- b. The Project Manager (other models)
- c. The Accounts Team, for invoice-related concerns

2.13 Confidentiality and Non-Derogation

Clients agree not to make critical or derogatory comments about Dotsquares to any third party or publish such comments online or elsewhere. Concerns should instead be raised through the complaints procedure. Breach of this clause may result in legal proceedings.

2.14 Governing Law and Entire Agreement

The contract is governed by the laws of England and Wales, with disputes subject to the exclusive jurisdiction of the courts of England and Wales. These Terms constitute the entire agreement between the parties and supersede all prior agreements, promises, and representations, whether written or oral.

2.15 Non-Compete Clause

During the engagement and for 12 months after its end, clients must not solicit or engage Dotsquares developers or employees for direct employment or contracted services, or attempt to commission work directly from them (Dotsquares' developer contracts separately prohibit such arrangements). This restriction applies globally, reflecting the international nature of Dotsquares' operations. Breach may result in a damages claim, including for loss of profit and related expenses.

3. Website Privacy Notice

This notice applies to Dotsquares Ltd's website, www.dotsquares.com, and to all Dotsquares Group websites. It does not extend to linked third-party sites. Continued use of the site constitutes acceptance of this notice; account sign-up requires explicit acceptance.

Data Collected

Some data is collected automatically via cookies; other data is submitted voluntarily. This may include:

- Name
- Email address
- Business/company name
- Contact phone number
- Project details

How Data Is Used

All personal data is stored in accordance with GDPR. Data is used to keep clients informed on enquiries and related services (e.g. security patches, technology updates), deliver relevant marketing, supply and personalise services, share news/offers, send subscribed newsletters, and analyse site usage to improve the user experience. With permission, or where legally permitted, data may be used for marketing via email, phone, text, or post — unsolicited marketing or spam is not sent.

Storage and Security

Data is retained only as long as necessary for its stated purpose, or for as long as permission is granted, and is stored exclusively within the European Economic Area (EEA). Physical and electronic safeguards protect data collected via the site.

Data Sharing

- a. Data may be shared with Dotsquares Group members (TeamInIndia, 9perhour, Smartmobiapps, Appsquares, Wetalkit), handled securely and in line with the user's rights.
- b. Anonymised, aggregated usage statistics may be shared with third parties such as investors, affiliates, partners, or advertisers.
- c. Data may be disclosed where legally required — for example, in legal proceedings or under a court order or governmental request — without further approval from the user.

Business Transfers

If Dotsquares' business is sold or restructured, relevant user data may transfer to the new owner under the terms of this notice, without prior notice to the user.

User Rights and Controls

Users may opt out of direct marketing (including via email unsubscribe links) and may sign up to the UK Telephone Preference Service (TPS), Corporate TPS (CTPS), or Mailing Preference Service (MPS). Users have the legal right to request a copy of, or edit or delete, their personal data by emailing data@dotsquares.com. Cookie use can be restricted via browser settings.

Cookies

The site uses first-party cookies to improve user experience and third-party cookies (via Google Analytics) for usage analytics.

Policy Updates

This notice may be updated as necessary or as required by law. Changes are posted immediately on the site, and continued use after an update constitutes acceptance of the revised terms. Users are encouraged to review this page periodically.

4. CRM Solutions — Frequently Asked Questions

The following questions are commonly raised by prospective clients evaluating Dotsquares' CRM Solutions offering. This list reflects the standard FAQ topics published for the service; detailed answers should be confirmed with the CRM Solutions team.

What is CRM Solutions by Dotsquares?

How can CRM Solutions help my business grow?

What types of CRM solutions do you offer?

Can the CRM be customised for my business needs?

Is the CRM cloud-based and accessible remotely?

Do you provide CRM support and training?

How long does CRM implementation take?

What features are included in your CRM solutions?

Can the CRM integrate with existing tools and systems?

Is the CRM suitable for small and large businesses?

Do you offer a CRM demo before getting started?

5. Human Resources (HR) Policy

5.1 Recruitment and Onboarding

Dotsquares follows a structured recruitment and onboarding process to ensure every employee is provided with the necessary resources and guidance for a successful start.

- Employees must submit all required documents before joining.
- Offer letters and employment contracts must be accepted before the joining date.
- HR conducts an induction session covering company policies, workplace ethics, and security guidelines.
- Employees receive official email accounts and system access after completing onboarding.

5.2 Working Hours

The standard working schedule is:

- Monday to Friday
- 10:00 AM – 7:00 PM
- One-hour lunch break

Employees are expected to maintain punctuality and complete their assigned working hours.

5.3 Attendance Policy

Employees are responsible for maintaining regular attendance.

- Attendance is recorded electronically.
- Late arrivals may require manager approval.
- Unplanned absences should be reported to the reporting manager before the start of the working day.
- Continuous absenteeism without prior approval may result in disciplinary action.

5.4 Leave Policy

Employees are entitled to annual leave according to company policy. Typical leave categories include:

- Casual Leave
- Sick Leave
- Earned Leave
- Maternity Leave
- Paternity Leave
- Unpaid Leave

Leave requests must be submitted through the HR system and approved by the reporting manager.

5.5 Work From Home Policy

Employees may work remotely based on project requirements and management approval. Employees working remotely must:

- Be available during official working hours.
- Maintain stable internet connectivity.
- Follow all information security policies.
- Attend scheduled meetings.

5.6 Employee Code of Conduct

Employees are expected to:

- Maintain professional behaviour.
- Respect colleagues and clients.
- Avoid discrimination and harassment.
- Protect confidential information.
- Follow company ethics and integrity standards.

Violation of the Code of Conduct may result in disciplinary action.

5.7 Performance Evaluation

Employee performance is reviewed periodically based on:

- Quality of work
- Productivity
- Team collaboration
- Communication
- Technical skills
- Client feedback

Outstanding performance may be rewarded through promotions, bonuses, or salary revisions.

5.8 Learning and Development

Dotsquares encourages continuous learning. Employees may participate in:

- Technical training
- Certification programs
- Internal workshops
- Leadership development
- Knowledge-sharing sessions

5.9 Information Security

Employees must:

- Use strong passwords.
- Never share login credentials.
- Lock systems before leaving their workstation.
- Report any suspected security incidents immediately.
- Store confidential information securely.

5.10 Confidentiality

Employees must protect:

- Client information
- Source code
- Internal documentation
- Business strategies

- Financial information

Confidential information must not be disclosed without written authorization.

5.11 Disciplinary Policy

Disciplinary action may be taken for:

- Unauthorized absence
- Misconduct
- Data security violations
- Harassment
- Fraud
- Breach of company policies

Actions may include:

1. Verbal Warning
2. Written Warning
3. Final Warning
4. Suspension
5. Termination

5.12 Grievance Policy

Employees are encouraged to raise workplace concerns through HR. The company will:

- Maintain confidentiality.
- Investigate complaints fairly.
- Resolve issues without retaliation.

5.13 Resignation and Exit Process

Employees resigning from the company must:

- Submit a written resignation.
- Complete the required notice period.
- Return company assets.
- Complete knowledge transfer.
- Attend an exit interview if required.

5.14 Equal Opportunity

Dotsquares provides equal employment opportunities regardless of:

- Gender
- Age
- Religion
- Disability
- Nationality
- Marital status

Discrimination of any form is strictly prohibited.

5.15 Anti-Harassment (POSH)

The company maintains a zero-tolerance policy towards workplace harassment. Any complaint will be investigated confidentially in accordance with applicable laws and company procedures.

5.18 Laptop and Company Asset Policy

Employees receiving company assets must:

- Use assets only for business purposes.
- Maintain equipment in good condition.
- Immediately report damage or loss.
- Return all company assets during the exit process.

Company assets include laptops, monitors, ID cards, access cards, software licenses, and mobile devices.

5.19 Email and Internet Usage Policy

Employees are expected to use company email and internet responsibly. Employees must not:

- Download unauthorized software.
- Visit malicious or illegal websites.
- Share confidential information using personal email.
- Use company email for personal commercial activities.

5.20 Business Travel Policy

Business travel requires prior approval. Employees should:

- Follow approved travel plans.
- Keep all expense receipts.
- Submit reimbursement claims within seven working days after returning.

5.21 Expense Reimbursement Policy

Eligible business expenses include:

- Travel
- Accommodation
- Client Meetings
- Approved Software Purchases
- Business Meals

All claims must include valid receipts and manager approval.

5.22 Rewards and Recognition Policy

The company recognizes employees for exceptional performance through:

- Employee of the Month Awards
- Spot Awards
- Performance Bonuses
- Promotions
- Appreciation Certificates

Recognition is based on performance, innovation, teamwork, and customer satisfaction.

5.23 AI Usage Policy

Employees using Artificial Intelligence tools such as ChatGPT, GitHub Copilot, or other Generative AI systems must:

- Never upload confidential client information.
- Verify AI-generated content before use.
- Follow company security and privacy policies.
- Obtain manager approval before using AI for client deliverables where required.

The company encourages responsible and ethical use of AI technologies.

5.24 Cyber Security Incident Reporting

Employees must immediately report:

- Phishing emails
- Malware infections
- Lost company devices
- Unauthorized system access
- Data breaches
- Password compromise

Incidents should be reported to the IT Security Team within one hour of discovery.

5.25 Remote Work Security Policy

Employees working remotely must:

- Use company-approved VPN services.
- Keep antivirus software updated.
- Lock devices when unattended.
- Avoid using public Wi-Fi without VPN protection.
- Store confidential documents securely.

Failure to comply with security requirements may result in disciplinary action.

6. Shipping and Delivery Policy

Dotsquares understands that timely delivery of its products and services is important to customers, and strives to provide efficient and reliable delivery so that customers receive their orders in a timely manner.

Delivery of Services

IT services are delivered electronically and made available immediately after purchase. Instructions and information for accessing and using the services are provided via email or through the customer portal.

Services are delivered within the timeframe agreed in the Service Level Agreement (SLA) between Dotsquares and the customer. Any delays or delivery issues are communicated to the customer as soon as possible, with efforts made to resolve them promptly.

Return and Refund Policy

As services are intangible and digital, no return or refund is offered once a service has been delivered. If a service does not meet a customer's expectations or an issue arises, Dotsquares will work with the customer to resolve it and ensure their satisfaction.

Contact

Questions or concerns about this shipping policy or service delivery can be directed to Office@dotsquares.com.

7. Terms of Use

These Terms of Use, together with the Website Privacy Notice (Section 3), govern the relationship between Dotsquares Ltd and visitors to its website. Continued use of the site constitutes agreement to be bound by these terms; visitors who disagree with any part of them should not use the site.

'Dotsquares', 'us', or 'we' refers to Dotsquares Ltd, registered office Unit 2, Albourne Court, Henfield Road, Albourne, West Sussex, BN6 9DB, company registration number 4381390 (Companies House, Cardiff). 'You' refers to the user or viewer of the website.

Website Content and Cookies

Website content is provided for general information only and is subject to change without notice. The site uses cookies to monitor browsing preferences; where cookies are permitted, the following categories of personal information may be collected for use by Dotsquares and third parties:

- Name and job title
- Demographic information such as postcode, preferences, and interests
- Other information relevant to customer surveys and/or offers
- Information about your computer and site usage (IP address, browser type and version, operating system, referral source, length of visit, page views, and navigation)
- Information relating to transactions carried out with Dotsquares via the website, including purchases
- Information provided when subscribing to website services, email notifications, or newsletters
- Any other information voluntarily submitted

Disclaimer and Liability

Neither Dotsquares nor any third parties warrant or guarantee the accuracy, timeliness, performance, completeness, or suitability of information or materials on the website for any particular purpose. Such information and materials may contain inaccuracies or errors, and liability for these is expressly excluded to the fullest extent permitted by law.

Use of any information or materials on the website is entirely at the user's own risk; Dotsquares accepts no liability for this. Users are responsible for ensuring that any products, services, or information available through the site meet their specific requirements.

Intellectual Property

The website contains material owned by or licensed to Dotsquares, including its design, layout, look, appearance, and graphics. Reproduction is prohibited except in accordance with the copyright notice forming part of these terms. All trademarks reproduced on the site that are not owned by or licensed to Dotsquares are acknowledged accordingly. Unauthorised use of the website may give rise to a claim for damages and/or constitute a criminal offence.

Linked Websites

The website may from time to time include links to other websites for the user's convenience. These links do not signify endorsement by Dotsquares, and Dotsquares has no responsibility for the content of any linked website.

Governing Law

Use of this website, and any dispute arising from such use, is subject to the laws of England, Northern Ireland, Scotland, and Wales.

8. Partnerships, Accreditations & Memberships

Certified experts to manage your web and application development.

Dotsquares continually invests in developing its team's expertise and pursuing industry recognition, so that it can deliver the best outcomes for clients. This section outlines the partnerships Dotsquares maintains, the brands it has worked with, and the accreditations and professional memberships it holds.

Partnership

Long-lasting partnerships are the basis of Dotsquares' ability to provide clients with high-quality services. Collaborating with industry-leading providers enables the company to deliver exceptional solutions to market for its clients.

Brands Trust Us

Dotsquares has been delivering exceptional solutions for international enterprise clients since 2002, focused on delivering the right solution on time, and is proud to be associated with the brands it has worked with.

Accreditations

The Dotsquares digital team works to stay accredited where it matters most, supporting consistent, high-quality delivery. The team takes pride in the recognition earned for its achievements and track record.

Memberships

Dotsquares is a proud member of several professional associations, which help extend the company's reach through networks of like-minded people and organisations.

9. Awards & Recognition

Dotsquares is proud of the recognition it has received throughout its journey. Below is a selection of recent awards and features, each linked to its original source.

- Dotsquares Microsoft Gold Competency — <https://www.dotsquares.com/press-and-events/dotsquares-microsoft-gold-competency>

10. Environmental, Social & Governance (ESG)

Dotsquares uses Environmental, Social, and Governance (ESG) principles as a roadmap for reducing its carbon footprint, and has pledged to achieve net-zero greenhouse gas emissions. Its sustainability strategy sets out an organisational framework with clearly defined initiatives and implementation goals.

10.1 Net-Zero Commitment

Dotsquares has committed to achieving net-zero emissions by 2030, using its cloud, IoT, and AI expertise to also help global clients reduce their own carbon footprints and improve competitiveness. The net-zero goal targets:

- A 50% reduction in emissions from worldwide operations and the supply chain by 2030.
- A 90% reduction by 2040.
- Remaining emissions offset through carbon offsets.

10.2 Key Sustainability Initiatives

Renewable energy investment:

Dotsquares is extending its use of onsite solar energy and pursuing additional power purchase agreements with clean energy providers. Renewable energy has supplied over a quarter of Dotsquares' energy in India since 2020. One of the company's Jaipur buildings holds an A+ energy efficiency rating (80+ out of 100) from the Rajasthan State Electricity Board (RSEB), reflecting lower energy use, cost savings, and reduced CO2 emissions.

Energy efficiency:

Dotsquares is investing in energy-efficient equipment and technology across its owned offices and data centres. In 2019–2020, several India offices upgraded from traditional power supply systems to modular systems, replaced traditional lighting with energy-efficient LED fittings, and installed improved cooling systems.

Dotsquares is also developing and deploying AI, data and analytics, cloud, and IoT solutions to help its global client base reduce carbon footprints and waste, and support sustainable product development, alongside advancing its own net-zero agenda.

10.3 Corporate Social Responsibility

Dotsquares supports its communities through a range of ongoing initiatives, including:

- **Ganesh Chaturthi Celebration** — the Dotsquares team, including Salesforce experts, distributes food blessed at the festival to children in a local slum community as part of the 10-day festival marking the birth of Lord Ganesha.
- **Tree Planting** — trees are planted at current offices and the new Development Centre, reflecting the company's Responsibility, Integrity, and Enriching values.
- **Supporting the Next Generation** — the Dotsquares Australia office partners with Employability Life's Employer Engagement Network, providing mentoring and career-readiness support to students and job seekers.
- **Park Cleaning** — the Forcesquares Salesforce Teams volunteer to clean up local parks as part of community give-back efforts.
- **New Development Centre** — the new development centre (three above-ground floors and two basement floors) is gold-rated for minimal carbon footprint, with attention to recycling, waste management, energy conservation, and renewable sources, in line with company-wide sustainability goals.

11. Our People & Leadership

Dotsquares operates as a global team united by a shared set of commitments to its clients, expressed through its corporate values and its leadership across offices worldwide.

11.1 Our Corporate Values

Dotsquares' corporate values — Responsibility, Integrity, Innovation, Teamwork, Authenticity, and an Enriching experience — underpin both client development projects and consultancy work across the company.

11.2 Leadership Team

Bankim Chandra — CEO

Founder and CEO since Dotsquares' inception in 2002, Bankim has driven the company's growth from a small garage operation to a bespoke development centre employing over 1,000 people. A keen sportsman, particularly in racket sports and cricket, he is also active in charitable giving and supporting young entrepreneurs.

Bahul Chandra — Director, Indian Operations

A co-founder alongside Bankim and Omkar, Bahul brings extensive experience managing offshore teams and specialises in strategic management, with an earlier background in eCommerce and PHP development. He maintains a strong focus on fitness and training.

Omkar Singh — Director, Indian Operations

A director and key driving force since the company's founding, Omkar previously served as Executive Director of the World Wide Web Institute. He is an active philanthropist and cricketer with particular interests in environmental and human rights causes.

Jon Downing — Strategic Advisor

Jon provides strategic advisory, executive coaching, and consulting services to the Dotsquares senior leadership team. With over 25 years of experience delivering business and technology services to global financial companies including Visa, J P Morgan, and American Express, he previously served as Vice President of Technology Operations for American Express's Global Travel division.

Shilpi Chandra — Marketing Director

With Dotsquares since its inception, Shilpi currently serves as Marketing Director and Official Representative, overseeing external marketing, community support, PR, and charitable events.

Andy Derrick — CIO/CTO Advisory

An experienced IT professional, Andy provides senior advisory support to Dotsquares and its clients on outsourcing IT solutions and services, with expertise in digital transformation, customer service delivery, and integrated strategy across global financial companies.

12. Company History & Timeline

From Garage to Global Capability Centre: key milestones in Dotsquares' growth.

2002 — Where It All Started

Dotsquares was established with an office in Hove, UK, and a team of five developers based in Jaipur, India.

2005–2008 — New Horizons

A sales office opened in the USA, delivering 1,000+ successful projects. The development centre achieved ISO 9001 certification and a game studio was established.

2012–2014 — International Expansion

Dotsquares was invited to join the International Association of Outsourcing Professionals (IAOP), was awarded a place on trade missions to New York, the Middle East, and Brazil, and acquired a web development agency in Washington, DC to strengthen its North American presence.

2016–2018 — Global Recognition

The company moved to the new Jaipur Development Centre, achieved CMMI Level 3 certification, attended the GITEX conference in Dubai, and sponsored startup events in Los Angeles, London, and Brussels.

2019 — 17 Years Strong

A larger central office opened in London, and Dotsquares reaffirmed its CMMI maturity level 3 while marking 17 years in the industry.

2020 — Technological Recognition

Dotsquares was recognised as a Microsoft Gold Partner, Salesforce Consulting Partner, Adobe Solutions Partner, HubSpot Consulting Partner, Zoho Consulting Partner, and AWS Consulting Partner, and received a Business Excellence Award as Most Innovative Web Design & Mobile App Development company.

2021 — Two Successful Decades

DevOps was adopted as a core development methodology. Dotsquares received a Special Award for Innovation and Entrepreneurship at the 20th Asian Achievers Awards and won the 2021 HubSpot Themes Challenge.

2022 — Augmentation & Partnerships

Dotsquares expanded into staff augmentation services, solidified major partnerships, launched Foursquare, achieved CMMI Level 3, partnered with GoAllSecure for cybersecurity, and was named UK Best International Business Web & App Development Agency 2022 at the SME News IT Awards.

2023 — The Rise of a Visionary

Dotsquares unveiled its new Global Capability Centre, marking the culmination of two decades of growth and innovation.

13. Global Capability Centre (GCC) — Jaipur

13.1 Facility Overview

Dotsquares' Global Capability Centre (GCC) in Jaipur is designed for innovation and growth, with sustainable and advanced infrastructure. Key features include:

- **Smart Connectivity** — high-speed internet, uninterrupted wireless connectivity, and advanced communication systems throughout the building.
- **Motivating Collaborative Spaces** — open-concept work areas, meeting rooms, and breakout zones designed to promote idea sharing and brainstorming.
- **Balancing Work and Life** — a modular design offering flexible spaces for open workstations, private offices, and collaboration areas.
- **Adaptive Vision** — a reconfigurable layout that adapts to different working styles as teams and needs evolve.

13.2 Infrastructure at a Glance

Metric	Figure
Office space	11,600+ sq m
Capacity	1,600+ people
Conference rooms	10+
Data centres	4+

13.3 Sustainability Highlights

The GCC building was designed with a strong focus on environmental sustainability and staff well-being. It uses solar panels to generate clean electricity, reducing reliance on fossil fuels and lowering its carbon footprint, as part of Dotsquares' broader strategy to achieve net-zero greenhouse gas emissions by 2030 (see Section 10).

Metric	Figure
Annual renewable energy generated	50,000 kWh
Targeted CO2 emissions reduction by 2040	90%

13.4 Workplace Amenities

- **Café and Barista Bar** — vibrant spaces for tea or coffee breaks, supporting productivity and reducing exhaustion.
- **Game Room** — a creative space with indoor games such as pool, carrom, and table tennis to improve team communication.
- **Collaborative Lounge Areas** — multiple comfortable lounge areas to drive innovation and effective teamwork.
- **Wellness Centre** — dedicated spaces for yoga and meditation, supporting physical and mental health and work-life balance.

- **High-Tech Meeting Rooms** — high-definition video and crystal-clear audio for conferences and presentations, with comfortable seating.
- **Blend of Nature** — greenery near workstations and natural plants throughout the facility, supporting a stress-free, visually pleasing environment.

14. Press & Events — Recent Articles

Dotsquares regularly publishes articles covering web industry press, technology innovations, and events. A snapshot of recent Tech articles (as of July 2026) is listed below; the full, up-to-date archive is available on the Dotsquares website across the All, Tech, Press, Innovation, and Events categories.
